

Advanced Physical Education Field Trip Waiver

Your son/daughter is currently enrolled in the Advanced Physical Education class at Pierz High School. This class is diverse in its activities and units of studies. Many of these units involve speed and movement along with water activities (canoeing, ice fishing, etc.). This is a permission form that you will let your son or daughter participate in the following activities.

Check if you would NOT give permission to participate.

- Downhill skiing
- Cross Country Skiing
- Ice Fishing
- Paint Ball
- Canoeing
- Wall Climbing
- White Water Rafting
- Bicycling
- Sporting Clay

All activities are weather driven and may require a cost from the students. A field trip may be involved with all activities except the bicycle unit.

I give my student permission to participate in the activities and field trips that are NOT checked.

Parent or guardian signature

Thank you
